## **SCHC Info:**

Years as member of SCHC: 0

Current position & years held with SCHC: N/A

Other Positions held on SCHC Board of Directors or Committees: None

Reason(s) you would like to serve on the Board of Directors: As Director of Field Services and Resident Equine person at Clemson Livestock Poultry Health, I can represent the regulatory side of veterinary medicine for horse owners.

## **Personal Information:**

Family members: Wife, Sarah Silver Eastman, DVM

Involvement with horses (or other equine):

Team Roping for 20+ yrs, Cowboy Mounted Shooting for 5+ yrs, Equine Veterinarian for 20+ yrs.

Education / Work background-

DVM from Mississippi State University. Practice owner in Montana and SC, veterinary positions in MT, NM, NC, SC, and Va.

Special skills, talents, or interests-

Worked as a Western Performance Horse Veterinarian in different regions of the country. Enjoy Trail Riding, Horsemanship, Roping, and Shooting.

Other organization involvement-

AAEP, CMSA, USTRC

Hobbies (other than equine) –

Cycling. Currently training for the Assault on Mt. Mitchell in May.

Artist. I am an amateur artist, specializing in western pencil art.

Other valuable information-

My wife and I live in Campobello with our 4 horses, 3 dogs, and 4 barn cats. My wife is a small animal veterinarian in Landrum, and we like to hang out with the horses in the arena as much as possible.

I am Director of Field Services for Clemson LPH. What that means is I oversee the livestock inspectors in all our livestock auction markets. Because of my experience as an equine veterinarian, LPH uses my “expertise” to help equine owners in the state. One of our main emphases is on Traceability and improving our ability to trace diseases in our livestock, and that includes horses. With all the foreign animal diseases on our nation’s doorstep, we are improving our ability to not only trace disease, but to prevent those diseases from entering the country.
